

music element hms 388

○ **NXT flat-panel speaker technology** **Speakers powered by SurfaceSound**

Our speakers deliver expansive sound to fill the listening area when they are placed anywhere in a room or are optionally wall-mounted. Using SurfaceSound technology enables us to build sturdy, lightweight aluminum speakers in a slim and sleek design that takes up very little surface space.

○ **Total power output of 55 watts**

Listen to superior, crystal clear audio playback from speakers with a subwoofer.

○ **MP3 / WMA CD and CD-R/CD-RW (CDDA) playback capability**

Supports playback on MP3, WMA, CDDA, CD-R and CD-RW discs, giving you the flexibility to play different types of CDs available in your music collection. This could be your standard CDs or those created from your computer.

○ **Digital AM / FM digital tuner with 40 preset radio stations**

Up to 40 radio stations gives you easy access to your favorite FM/AM radio music and programs.

○ **Digital clock with sleep timer**

Know what time it is with the digital clock. When sleep timer activated, the unit can be set to automatically power off at a certain time just as finish listening to your last song for the evening.

○ **Personalize equalizer effects**

Adjust equalizer effects according to the type of music being played, such as slow classical music with emphasis on instrumental sound, or up-tempo rock'n roll with thundering bass.

○ **Adjustable sound effects**

Customize the bass, treble, subwoofer and left/right speaker sounds so that you can listen to music the way you like it.

○ **Elegant, ultra-slim remote control**

An easy-to-hold device that lets you adjust many settings using the remote control's sleek metal tablet buttons.

○ **See-through, soft-loading CD player**

Simply place a CD into the player to begin audio playback. Its see-through design provides greater convenience and elegance by displaying creative CD artwork.

○ **Bright, easy-to-read Vacuum Fluorescent Display (VFD) with LED indicators**

Can display easy-to-view information and track info on suitably encoded MP3 CDs.

○ **Wall-mountable speakers**

Speakers mounted anywhere on the wall in your room allows for a more enjoyable surround-sound listening experience.

○ **Shielded speakers**

Added flexibility to place Music Element wherever you want, even by your TV or computer without worrying about any static interference.
